A distinguished southerner said: "There have been many reunions of north and south on paper and in speeches. These were well meant, but they signified little, because neither side had given in to the other on the principles that they fought over. ists in treating the ailments of women.

Mrs. David H. Langley, of Lancing, Morgan Co., Tenu., in a recent letter to Dr. Pierce, writes: "I am now thirty-six years old and have given birth to ten children. Eight only are living. I have twin boys six years old. The same spring after they were born I was confined to my bed all spring and summer with female complaint, had it so badly I could hardly walk around the house without feeling worse. I was restless at night, sleep almost left me, and I was almost a skeleton. I did not call my doctor as I had tried the doctors twice before when I was down with the same trouble, and my husband paid out a great deal for me. I received no lasting benefit; I had almost lost all hope of ever being able to do anything. My husband had to work very hard and I could not even attend to the babies. No one can know the distress of my mind as well as body. Dr. Pierce's Favorice Prescription was the only medicine that seemed to do me any good. After I had taken the first bottle and part of the second, I could sleep well and all my troubles began to get better. I believe I took eight bottles and then I felt like a different person. I gave birth to another baby and my old complaint came back. I began using the 'Favorite Prescription' and was soan relieved and was able to do my work, including the washing."

Mothers would be immensely helped in raising their children strong and healthy by the sound professional advice contained in Dr. Pierce's Common Sense Medical Adviser. are turning rapidly toward the tropical islands on our southeastern coast. The people are interested in hearing about these islands, their wealth, the condition of their inhabitants as to education and civilization; and, not least of all, in the question of how to get to them, how long the journey is, and the cost of it.

The Queen & Crescent Route, with its superb rail and steamer connections, forms a route which is over a hundred miles the shortest to these parts from Cincinnati and the North. New rail and steamer service goes into effect about December 1st, known as the CINCINNATI, FLORIDA AND HAVANA LIMITED. Shortens the time about 24 hours. Elegant service. Tickets on sale at greatly reduced rates, from all points north, through to Havana, including transfers, meals and berths on steamers, etc. Particulars to you free if you will

### Deafness Cannot Be Cured

By local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or mperfect hearing, and when it is enirely closed, deafuess is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an in lamed condition of the mucous surfaces

We will give One Hundred dollars for ny case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh ure. Send for circulars; free.

Listen to this repetition of his case and perhaps you will find you have had a similar exterience, 'For the past three year's have been afflicted with kidney complaint. My symptoms wer a follows; featful kidney backache unirany disturbance and nervousness from which I was unable to sleep well at night and which produced a general broken down condition of my health. My condition was so serious that I wouldlose two weeks from work at a time. I grew so weak that I felt unable to preform my days works. I have taken several kinds of kidney Pills and all the various kinds of kidney remedies I ever heard of or read about without being benefitted in the least. I have been treated by doctors in this city and by specialists for kidney and bladder trouble without getting any relief. A short time ago I read about Morrow's Kid-ne-oids and my wife advised me to give them a trial. I got a sample package and used them being greatly relieved in three days time. Up to date I have taken ess than a dollar's worth of Kid-ne-oids and I consider myself cured. During the continuation of my illness I have spent fully \$500 in doctor bills and patent medicine which amounted to nothins. This mokes quite a striking comparison which is worth your time and con ider tion. My w fe declares that I appear like a new man since my cure; that I am more pleasant and agreable and not so nervous and irritable. You may also understand our hearts are filled with thankfulness to be relieved of this great burden, which made our home misera ble and unhappy."
